

Dear WC ASP parent/Guardian,

You are receiving this letter as notification of admittance into the Washington Colony After School Program for the 2020-2021 school year. We will adhere to district policies and proceed with our program virtually. As you begin to prepare for this virtual start to the school year and the 5 day distance learning model, we want you to know the Washington Colony After school program will be here to support you.

Homework: After School Program Staff will be available Monday-Friday from 2:30- 3:30 P.M. for Homework assistance. Students can meet with their grade respective tutor via email, zoom, or by calling their Google voice number listed in the contact sheet attached.

Enrichment: For our enrichment component, After School Program staff will be sending home enrichment kits for students to participate in online enrichment classes. Classes will range from Arts and crafts, Fitness, Zumba, Coding, Fashion, and much more! Kits will be distributed on days you pick up regular day school materials with the first kits going out today, August 17th.

Academics: Students will end their ASP day with a 20-minute academic session with their home grade tutor. In this session students will go over reading comprehension exercises and be given an opportunity for additional homework assistance.

Snack: Students enrolled in the Washington Colony After School program will still be provided the daily snack they usually receive. Attached in this letter is an orange card with your student(s) names as well as a number. Present this Orange Card each day you pick up meals between 10:00 AM-12:00 PM Monday –Thursday and the cafeteria team will also provide you a snack for the students.

Attendance: Students enrolled, will be expected to connect 5 days a week. As soon as Washington Colony School District is permitted to return to on campus learning, the After school program will also move to on campus programming. As the waiting list grows, students whose attendance was regular during Virtual program, will have priority for when we return to in person program. Failure to connect within the first two weeks and no contact is made to notify us, will result in a drop.

As we start the school year, I look forward to supporting our families and giving our students a sense of normalcy with some of their favorite After School program routines.

Attached you will find ASP Staff assignments for this school year and a google number they can be reached at between the hours of 2:30 P.M. – 6:00 P.M.

If you have any immediate concerns or questions please reach out to us.

All the best,

Isaac Jaura
